nmoorthy.s@yahoo.com | +91-9994202229

SALEM, INDIA

PROFILE SUMMARY

- Proficient DevOps Cloud Engineer with a solid foundation in cloud computing and DevOps best practices, specializing in the seamless integration of cloud infrastructure and automation.
- Certified by GUVI, equipped with hands-on experience in wide range of cutting-edge tools and technologies vital for efficient cloud operations, as well as continuous integration/continuous deployment (CI/CD) pipelines process.
- Successfully delivered three projects during certification, showcasing strong problem-solving skills and a commitment to driving project milestone with precision and efficiency.
  - Creating a complete (CI/CD) pipeline inside AWS
  - Deploying a static website using Jenkins pipeline
  - Managed and orchestrated containerized applications within Kubernetes cluster

CORE COMPETENCIES

- Hands-on experience with DevOps tools and technologies, with a growing expertise in automating and streamlining operations.
- Solid understanding of the Software Development Life Cycle (SDLC), including the integration of DevOps practices for improved efficiency.
- Fundamental skills in networking and scripting, enabling the effective management and automation of cloud and on-premise environments.
- Proficient in using Prometheus and Grafana for monitoring, alerting, and data visualization, ensuring system performance and reliability.
- Foundational experience with AWS Cloud service, including deploying, managing, and scaling cloud infrastructure.

HANDS-ON EXPERIENCE

- Project Details
  - **Project 1 :** Creating a complete (CI/CD) pipeline inside AWS
  - **Role :** DevOps Cloud Engineer
  - **Duration :** March 2024 – June 2024
  - **Objective :** Designed and implemented a fully automated CI/CD pipeline using AWS services, streaming the development process, enhancing deployment efficiency, and ensuring high-quality software delivery

  - **Project 2 :** Deploying Static Website Using Jenkins Pipeline
  - **Role :** DevOps Cloud Engineer
  - **Duration :** March 2024 – June 2024
  - **Objective :** Developed an automated Jenkins pipeline for deploying a static website, ensuring consistent, efficient, and error-free deployment with quick updates and high availability.

WORK EXPERINCE

- **Elintsys Technologies Pvt Ltd,** Salem — SAP Basis Consultant
  July 2021 – Present

- **LogikHQ Tech Solutions LLP,** Erode — *Desktop & Network Support*
  Sep 2018 - June 2021

CERTIFICATION & TRAINING

- ❖ DevOps Cloud Engineer (GUVI)

SOFT SKILLS

Effective time management, Strong communication skills, Excellent problem-solving abilities, Proficient in conflict resolution, highly adaptable, Team-oriented collaboration.

FUNCTIONAL SKILLS

Version Control Systems (Git & GitHub), CI/CD pipelines, Containerization and Orchestration, Cloud Platforms, Scripting and Automation.

TECHNICAL SKILLS

Git & GitHub, Docker, Jenkins, Kubernetes, Terraform, Prometheus & Grafana.

EDUCATION

Periyar Univesity - Salem, TN, India - **Aug 2018**
Bachelor of Computer Applications

Thiyagarajar Polytechnic College - Salem, TN, India – **Apr 2014**
Diploma in Mechanical Engineering
